ChannelBoost Inc.

Human Resources Policy Handbook (Excerpt)

Document Owner: HR Department | Effective Date: January 1, 2026 | Version: 4.0

1. Employment Classification

ChannelBoost employs full-time, part-time, and contract staff across seven departments: Sales, Finance, Human Resources, Operations, IT, Procurement, and Customer Success. Full-time employees are eligible for the benefits, leave, and incentive programs described in this handbook after completing a 90-day introductory period.

2. Reporting Structure & Approval Authority

Each department maintains a manager-of-record who is responsible for approving direct reports' expenses, time off, and performance-related payouts up to the authority limits defined in Section 5. Requests exceeding a manager's authority limit must be escalated to the next level, and ultimately to Finance leadership, before any payment is issued.

3. Performance Management

Sales performance is evaluated quarterly against team revenue targets set jointly by Sales leadership and Finance. In addition to revenue attainment, every sales team is scored on Customer Satisfaction (CSAT), collected via post-engagement surveys and averaged across the quarter on a 1.0-5.0 scale.

4. Sales Incentive & Bonus Policy

Quarterly team bonuses reward sales teams that both hit their revenue number and maintain service quality. A sales team's manager is eligible for a quarterly team bonus only when **both** of the following conditions are met for that quarter:

- The team's achieved revenue is at least 100% of its assigned quarterly target, and
- The team's average CSAT score for the quarter is at least **4.0** out of 5.0.

When both conditions are satisfied, the bonus is calculated as **3% of the team's total achieved revenue** for the quarter and is paid to the team's manager for distribution per the team's internal incentive-sharing agreement. Teams that hit target but fall short of the 4.0 CSAT threshold are **not eligible** for a bonus that quarter, regardless of revenue attainment, and any bonus paid out under those circumstances is a policy violation subject to reversal and audit.

5. Bonus Approval Authority (CFO Pre-Approval Threshold)

All bonus and incentive payouts must be approved by a member of the Finance department who is not the recipient and not the recipient's direct manager, to preserve segregation of duties. In addition, any single bonus payout exceeding **$10,000** requires explicit sign-off from the CFO (or, in the CFO's designated absence, the Finance Manager acting with delegated CFO authority) before disbursement. Sales managers may never approve their own bonus, nor may they approve a bonus on behalf of a peer manager. Self-approval or peer-approval of any bonus, and any bonus over $10,000 that lacks a recorded Finance/CFO approver, are treated as compliance violations and are escalated to Internal Audit.

6. Code of Conduct & Conflicts of Interest

Employees must avoid situations that create an actual or perceived conflict of interest, including approving payments to themselves, family members, or entities in which they hold a financial interest. Any suspected violation should be reported to HR or via the anonymous ethics hotline.

7. Leave & Time Off

Full-time employees accrue 15 days of paid time off (PTO) annually during their first three years of service, increasing to 20 days after three years and 25 days after seven years. PTO requests should be submitted at least 5 business days in advance through the HR portal and require manager approval.

8. Remote & Hybrid Work

ChannelBoost operates a hybrid work model. Employees are expected to work from a company office a minimum of two days per week unless their role is designated fully remote by their department head. Equipment for home offices (monitor, keyboard, chair) may be requisitioned once every three years through Procurement, subject to a $600 budget cap.

9. Termination & Severance

Involuntary termination without cause entitles eligible full-time employees to two weeks of base salary per completed year of service, up to a maximum of 26 weeks, along with continuation of health benefits for the severance period.
