

ChannelBoost Inc.

Company Handbook

Document Owner: People Operations | Effective Date: January 1, 2026 | Version: 5.1

1. About ChannelBoost

ChannelBoost Inc. is a distribution and channel-sales technology company founded in 2016, providing networking hardware, computing devices, software licenses, and industrial and office supplies to enterprise, SMB, and individual customers across North America, EMEA, APAC, and LATAM. The company operates five regional distribution warehouses and maintains relationships with fifteen core vendors spanning electronics, furniture, logistics, and software supply chains.

2. Mission & Values

Our mission is to make enterprise procurement simple, transparent, and fast. We operate by four core values: Customer Obsession, Operational Excellence, Radical Transparency, and Ownership. Every employee is expected to embody these values in day-to-day decision making, particularly when handling customer data, vendor relationships, and financial approvals.

3. Organizational Structure

ChannelBoost is organized into seven departments: Sales, Finance, Human Resources, Operations, IT, Procurement, and Customer Success. The Sales organization is further divided into regional teams (East Enterprise, West SMB, EMEA Growth, and APAC Expansion), each led by a Sales Manager who reports into the VP of Sales. Procurement manages all vendor relationships and purchase orders on behalf of every department.

4. Code of Conduct

All employees are expected to act with integrity in dealings with customers, vendors, and colleagues. This includes accurate expense reporting, avoidance of self-dealing or conflicts of interest in approval workflows, and prompt disclosure of any errors in financial or operational systems. Violations of the Code of Conduct are reviewed by HR and, where financial impact is involved, by Internal Audit.

5. IT & Data Security

Employees must use company-issued devices for accessing customer, vendor, and financial systems. Multi-factor authentication is mandatory for all systems containing customer PII or payment data. Any suspected data breach must be reported to the IT Security team within 1 hour of discovery.

6. Customer Data Handling

Customer records (name, contact details, order history, and payment status) are considered confidential and may only be accessed by employees whose role requires it, including Sales, Customer Success, and Finance. Customer segment classifications (Enterprise, SMB, Individual) are reviewed annually by Sales Operations based on trailing 12-month order volume.

7. Procurement & Vendor Relationships

All purchases from external vendors must be initiated through an approved Purchase Order raised by Procurement staff. Employees outside Procurement may not commit the company to a purchase order verbally or via informal email agreement. Vendor tiering (Strategic Partner, Preferred, Standard) and associated payment terms are governed by the Vendor Agreement policy document.

8. Product & Inventory Overview

ChannelBoost's catalog spans six product categories: Networking Hardware, Office Furniture, Computing Devices, Software Licenses, Industrial Supplies, and Office Supplies. Inventory is held across five regional warehouses (East Coast DC, West Coast DC, EMEA Hub - Rotterdam, APAC Hub - Singapore, and Central Distribution - Dallas) with reorder levels monitored by the Operations team. Detailed product specifications are maintained in the Product Manual.

9. Employee Travel & Expenses

Employees traveling for business must follow the Travel Policy for per-diem limits, receipt requirements, and approval workflows. Questions about specific reimbursement caps should reference the Travel Policy document rather than this handbook.

10. Compensation & Incentives

Base compensation, benefits, PTO accrual, and the sales incentive/bonus program are governed by the HR Policy Handbook. Sales bonus eligibility depends on both revenue attainment and customer satisfaction thresholds described therein.

11. Whistleblower & Ethics Hotline

Employees who observe a violation of company policy, including improper approval of expenses, self-approved bonuses, or falsified travel expenses, may report anonymously via the Ethics Hotline at ethics@channelboost-demo.com or through the People Operations team. Retaliation against good-faith reporters is strictly prohibited.
